Kith & Kin Play Groups

Smart Start conducts 'play days' for young children and their caregivers (parents, relatives, neighbors) throughout the county. These play groups are based on the Kaleidoscope Play & Learn model where everyone, children and adults, learn through play. The activities include developmentally-gearred activities for young children (birth - age 5), and information for their caregivers.

- Marshall Library on Tuesdays
- Beech Glen Community Center on Thursdays

Groups meet from 10:00am - noon
